

VOCATIONAL BUREAU URGED FOR CAPITAL

Board of Trade Names Committee to Make Investigation of Need of One Here.

Washington probably will have a vocational bureau in the near future. The need of one will be investigated by a committee of the Board of Trade, comprising W. J. Eynon, Walter A. Brown, John L. Weaver, E. C. Graham and Charles L. Corby.

This action is the result of the campaign waged in Washington by Prof. Gustave Blumenberg, of Australia, who believes that vocational studies form one of the great curses of the workaday world, and that fitness should be established according to scientific principles.

Mr. Eynon, chairman of the investigating committee, made the following statement yesterday:

"The need of our schools is to perfect the grades from the eighth down, so that those who do not continue to go into the high schools may be fitted for the life work they are to take up. We must find a way to discover the field to which each pupil is best fitted, and I believe that this can be accomplished by the time the pupil has reached the eighth grade."

President E. H. Droup, of the Board of Trade, has named the following members upon the special committee to co-operate with other organizations in the raising of funds for the George Washington memorial: W. T. Gallinger, chairman; Milton E. Allen, Theodore W. Hayes, S. W. Woodward, and W. S. Corby. He has also named Richard B. Watrous as delegate to represent the Board at the national convention on city planning to be held in Chicago, May 5 to 7, and William Phelps Eno delegate to the conference on international arbitration at Lake Mohonk, New York, on May 14 to 16.

The monthly dinner of the membership committee will be held in the Hotel Continental tomorrow night, and a meeting of the board of directors in the rooms of the Board on Saturday night.

"Cat Teeth Trust."

NEW YORK, March 25.—Investigation is being made into an alleged "cat teeth trust." It is said that teeth of cats are extracted and sold at high prices to South Africans who use them as jewelry.

FFLING MACHINES

Catarrh Sufferers are Nothing but Hawking, Sniffing and Blowing Machines, Says an Authority.

Is it possible that in these days when cleanliness and sanitary reform is being preached in the churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrh, when there is an absolutely certain remedy at hand?

HYOMEI (pronounced High-o-mei) is the remedy. It is a pleasant and antiseptic medication which you place in the inhaler. Breathing through the inhaler charges the air with this germ-killing antiseptic. Catarrhal discharges, sniffles, foul breath, watery eyes and the formation of crusts in the nose are promptly relieved by breathing this medicated air.

It is guaranteed to do it, or money back.

Entirely Cured by HYOMEI.

Having suffered from catarrh for about two years, and having tried numerous remedies without any satisfactory results, I finally tried HYOMEI, and am glad to state that after using about one and one-half bottles, I am entirely cured. I have recommended it to others with satisfactory results." C. N. Lindsey, Mitchell, S. D.

A complete HYOMEI outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of HYOMEI costs only \$1.00, and extra bottles, if afterward needed, are only 50 cents each at O'Donnell's drug store and druggists everywhere.

Use HYOMEI for Bronchitis, Coughs and Colds, Croup of Infants, and any inflammatory disease of the breathing organs.—Adv.

GRAPE JUICE
Per Quart Bottle

ELEANOR WILSON IS REAL HORSEWOMAN

President's Daughter Displays Ability By Sending Animal Over Benning Jumps.

Another name has been officially inscribed in the archives of Washington horsemanship: that of Miss Eleanor Wilson, daughter of President Wilson. Miss Wilson demonstrated her ability as a horsewoman at the Benning race track yesterday, when she mounted a thoroughbred jumper owned by Lieut. Silas H. Rockwell, a military aid at the White House, and took the jumps at the track like a professional steeplechaser.

Miss Wilson was accompanied to the track by her cousin, Fitz-Williams Woodrow, a Princeton student, who is visiting at the White House. Miss Wilson is a fearless rider.

While her father was at Princeton and Trenton she participated in cross-country drags and fox hunts. She has declared her intention to be a devotee of the horse sport while in Washington, much to the delight of the local horse colony.

President Wilson Will Have Two Sore Arms

President Wilson will be vaccinated tomorrow. Today several members of the Executive Office force bared their arms to the vaccine point. Yesterday Dr. Cary T. Grayson vaccinated Mrs. Wilson and her daughters.

The President had an unusually heavy onslaught of hand-shakers yesterday and will meet another regiment of visitors today. His right arm is tired with too much exercise. After tomorrow he will nurse, in addition, a sore left arm for a few days.

Southern Coal Rates Are Held To Be Just

Rates of \$1.20 per ton on coal from western Kentucky and Alabama mines were today declared "reasonable" by the Interstate Commerce Commission.

Rates imposed upon shipments of coke from points in Virginia, West Virginia, and Pennsylvania to St. Louis, Mo., by railroads doing business between those points were likewise found just.

"MAN OF MILLIONS" IS BACK IN ASYLUM

Effort to Get \$92,000,000 From Treasury Causes Arrest of Escaped Patient.

Falling in an effort to induce officials of the Treasury Department to cash two checks for him, one for \$50,000,000 and the other for \$2,000,000, Clifford C. Kelsey is back today in the Government Hospital for the Insane.

Kelsey, who has a patient at the institution since July 13, 1897, eluded the vigilance of the guards at one of the gates a few days ago and left the grounds without attracting any attention.

Yesterday he appeared at the Treasury Department with his pockets filled with checks for amounts large enough to bankrupt most of the multimillionaires of the country.

Officials of the department turned

the man over to the captain of the watch, who had him sent to the First precinct police station, where he was detained pending the arrival of an attendant from the asylum. Kelsey was committed to the hospital from the District of Columbia. So far as the records show, this was his first visit to the Treasury Department.

Severed Hand Mummified.

PARIS, March 25.—A severed hand, alleged to have been mummified by human magnetic force, without chemicals, was one of the exhibits at the International Congress of Experimental Psychology.

The Young Men's Shop

Your Spring Suit

It's right here in our store if you want the suit that is distinctive in style and materials.

Our spring suits are simply the handsomest display of garments that you can find in Washington.

There can certainly be no question in your mind regarding the style correctness of clothing from this store.

Every model shows the latest ideas in fashionable tailoring, and materials are largely of the favorite chalk stripe and club check patterns.

Remember the reason for our success—unusual values at extremely moderate prices.

DOES YOUR SKIN ITCH AND BURN?

Resinol Will Heal It Quickly, Easily and at Little Cost.

If your skin itches and burns with eczema or other tormenting, unsightly skin trouble, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment.

The itching stops instantly, you no longer have to dig and scratch, sleep becomes possible, and healing begins at once. That is because the soothing, antiseptic Resinol medication strikes right into the surface, arrests the action of the disease and lets the tortured, inflamed skin rest, restoring it to perfect health quickly, easily, and at little cost.

Resinol Soap and Resinol Ointment are also specially effective in even the stubbornest cases of pimples, blackheads, dandruff, sores, and piles. Prescribed by doctors for eighteen years, and sold by every druggist in the United States. For generous sample of each, write to Dept. 12-S, Resinol, Baltimore, Md.—Adv.
